E-mail: **mateusz.wawro4@gmail.com**

Phone: **784 094 891**

Date of Birth: **31.05.1997**

City: **Elbląg**

Currently, I work as a tester in a geoinformatics company. We implemented a project for the General Office of Construction Supervision -> ZONE system.

In the project, I was responsible for manual testing of web and mobile applications and application performance testing. I wrote test cases in the application development phase. Currently, in the project maintenance phase, I am responsible for maintaining and updating automated tests based on Cypress and JavaScript.

Currently, he is also involved in testing the performance of the company's proprietary application, which is based on .NET technology
